ABOUT ABFE

ABFE was established in 1971, by forward-thinking, Black foundation executives to promote effective and responsive philanthropy in Black communities.

As the first official affinity group of the Council on Foundations, ABFE is the champion of diverse leadership in philanthropy. Progress is defined by a substantial increase in the number of Black professionals as leaders and emerging leaders within the philanthropic field, as well as new and more effective dollars targeted to priority issues in Black communities.

Today, ABFE counts among its members some of the most influential staff, trustees, and donors of grantmaking organizations who are intimately involved in shaping the focus, decision-making, and response of foundations toward Black communities.

PROGRAM OVERVIEW

The ABFE Connecting Leaders Fellowship Program (CLFP) is designed for early to mid-career professionals.

CLFP is a year-long experience designed to sharpen the skills and strengthen the leadership capacity of professionals who are committed to assisting Black communities through philanthropy. Fellowship cohort participants have the opportunity to hear from seasoned grantmakers, leaders, and peers on a regular basis. Participants will learn how to be more effective agents for change within their institutions, and participate in a network that focuses on innovative solutions to community challenges.

Cohort members participate in an exclusive Leadership Summit and are assigned an executive coach. In addition, each cohort member is required to complete a community-based learning project during the fellowship year. This can be volunteer work or a research project on a topic of interest to them, and of service to Black communities. Cohort members will be based at their home institutions and in their communities during the fellowship year. We will host an informational webinar for anyone interested in applying on Wednesday, June 26, 2024 at 4:00 pm ET.

The Leadership Summit is comprised of several day long commitments during the fellowship year. Participants in the Fellowship receive a monthly one-on-one executive coaching sessions, usually by phone or zoom video conference. These appointments are coordinated directly between the cohort member and the Coach at their convenience.
